DO NOT TALK TO ME ABOUT “AI”

YOU MAKE ME LONG FOR THE SWEET EMBRACE OF DEATH

BY USING AI, YOU HAVE GIVEN A PASS TO

- The staggering climate and ecological impact
- The outright attack on labor by capital
- The systemic disregard of consent
- The basis in wholesale theft and plagiarism
- The assault on the very concept of objective truth
- The enrichment of the most cringe billionaire fascist motherfuckers the world has ever seen

THERE IS NO ETHICAL USE OF AI

If you ignore all of that, you are trying to negotiate what level of harm to others you find acceptable for your personal, selfish benefit. You advance the agenda of these hollow-eyed, joyless money-ghouls who resent art, creativity, and life itself.

THE MACHINE IS DISGUSTING AND MUST BE DESTROYED
